When did you start performing at weddings?

It was in 2000 that company owner Steven Lewis performed his first wedding. Having already had a residency and ringing in the new Millennium it was a natural progression to round out his skill set.

How do you select the music to use?

We meet with every couple to get to know their musical tastes. When programming the custom lists we tailor all of the music you hear during the cocktail hour, reception, all special moments and when we ignite the dance floor with energy!

How do you get your music?

We have multiple music subscriptions with various music providers. We take pride in having a huge library of "Clean Edit" Music.

Why should we choose Sightline Events?

Having spent years facilitating weddings and events as a Catering Sales Manager, Catering Director and DJ/Event Host, Owner and Event Host Steven Lewis has a unique skill set that allows him to ask the right questions and prepare for anything that could interfere with a great experience. As a team we are always looking for new ways to WOW our clients with a fun and stress-free experience!

DID YOU HAVE ANOTHER EXPERIENCE IN MIND?

Feel free to reach out to us so we can plan your dream day together!

We have the Experience and Equipment to make your Wedding unforgettable! But when we add in the chemistry of a couple in love, plus their friends and family, it becomes the legend that people will speak of for years!
